PRODUCT DESCRIPTION

- Experiencing weak or unstable internet when using WiFi for work, gaming, or streaming?
- This 5-meter Ethernet cable provides a stable wired connection for stronger and more reliable internet performance.
- Ideal for users who need consistent speed without interruptions caused by wireless signal loss.
- Perfect for connecting routers, PCs, gaming consoles, and switches across medium distances.
- Designed to reduce latency and improve overall network stability for daily use.
- Limitation: Internet speed still depends on your ISP package.

☐ Best For

- Home internet improvement
- Office networking setups
- Gaming (low latency connection)
- Streaming and downloads
- Router to PC or device connection
