PRODUCT DESCRIPTION

- Need a reliable office phone that supports modern communication like video calls and internet access? This smart terminal replaces traditional landlines.
- Supports 4G LTE SIM card, allowing you to make VoLTE calls without needing fixed line installation.
- Built-in WiFi hotspot lets you share internet with other devices in your office or home.
- Android-based system allows installation of apps for video conferencing and productivity.
- Ideal for offices, reception desks, and businesses needing a smart communication hub.
- Not a full smartphone replacement, best suited as a desktop communication device.

□ Best For

- Office communication and business environments
- Reception desks, video calls, and VoLTE calling
