PRODUCT DESCRIPTION

- Need a simple VGA connector for monitor, projector, or desktop display connection? This VGA Male to Female 3+9 Connector is useful for extending, joining, or adapting VGA display connections.
- Designed for VGA display setups, it helps connect compatible VGA cables, monitors, projectors, desktops, and other VGA-supported devices.
- The male-to-female design makes it practical for display extension or connection correction where VGA cable ends need proper matching.
- Compact size makes it easy to carry in a technician bag, office drawer, classroom kit, or projector setup box.
- Suitable for offices, schools, computer labs, repair shops, and users working with older monitors or projectors.
- ⚠ Important: This is a VGA connector/adaptor, not a signal converter. It does not convert HDMI to VGA or VGA to HDMI.
- ✅ Advantage: Small, affordable, and practical VGA connection tool for monitors, projectors, and computer display setups.

Best For

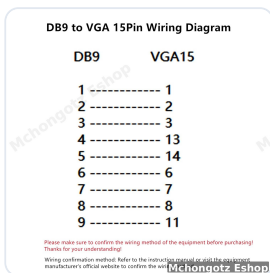

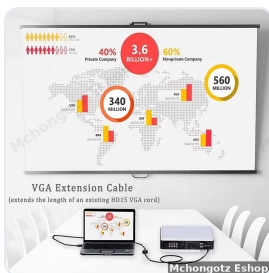

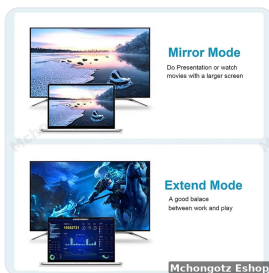

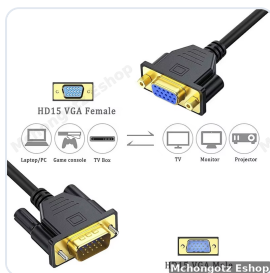

- Projector Setup
- VGA Monitor Connection
- Office Display Setup
- School / Classroom Use
- Computer Technicians
- Computer Labs
- Desktop PC Users
