PRODUCT DESCRIPTION

- Need a strong, affordable laptop that can handle school, office work, browsing, and daily productivity without feeling fragile? The Dell Latitude 3380 is built with durability in mind.
- Powered by Intel Core i5 7th Generation processor, it handles documents, online classes, browsing, office work, and normal multitasking smoothly.
- 8GB RAM gives stable performance for daily use, while the 256GB SSD makes startup faster and improves overall responsiveness compared to normal HDD laptops.
- 13.3-inch touchscreen display gives easier navigation and a more flexible working experience for students and business users.
- Rugged education/business build with Gorilla Glass makes it stronger than many normal consumer laptops — ideal for users who move around a lot.
- High-capacity 4-cell battery gives reliable battery performance for school, work, and daily movement.
- Comes with useful ports including HDMI, USB 3.1, Ethernet, and MicroSD reader for better connectivity.
- ⚠ Not designed for gaming, heavy editing, or advanced graphics work — best for study, office, browsing, online meetings, and business tasks.
- 📦 Advantage: Touchscreen + rugged build + SSD performance = affordable durable laptop for daily productivity.
