KEY FEATURES

- USB-C Charging ⚡ Stable 1.5V output
- ☑ Good for game controllers ☑ Up to 1
- ☑ AAA rechargeable batteries ☑ Good for mouse and keyboard
- ☑ Built-in protection system ☑ USB-A to 2x USB-C cable included

PRODUCT DESCRIPTION

- Tired of replacing normal AA batteries for your mouse, keyboard, remote, gamepad, flashlight, or other high-use devices? These GMCELL AA rechargeable lithium-ion batteries give you a reusable 1.5V battery solution for daily electronics.
- Each battery provides stable 1.5V output, helping supported devices operate consistently like they would with standard AA alkaline batteries.
- Rated at 3300mWh, approximately 2500mAh by conversion, making them suitable for many high-consumption AA battery devices.
- Supports direct USB-C charging on each battery, so you can recharge without needing a traditional battery charger.
- Comes with a USB-A to 2x USB-C cable, allowing two batteries to charge at the same time.
- Built-in LED indicator shows charging status, making it easier to know when the batteries are charging and when charging is complete.
- Includes electronic protection against over-discharge, overload, short circuit, overcurrent, and temperature issues.
- Designed for up to 1000 life cycles with proper use, helping reduce the cost and waste of buying disposable AA batteries.
- ⚠ Important: Use the included USB cable or a compatible USB-C charging cable with a safe 5V power source.
- ⚠ Do not mix rechargeable lithium AA batteries with normal alkaline batteries in the same device.
- ☑ Advantage: 1.5V stable output + 2500mAh capacity + direct USB-C charging = practical rechargeable AA battery option for everyday electronics.
- ☑ Best For
 - ☑ Wireless Mouse
 - ☑ Wireless Keyboard
 - ☑ Game Controllers / Gamepads
 - ☑ Flashlights
 - ☑ Remote Controls
 - ☑ Toys
 - ☑ Small Electronics
 - ☑ Home & Office Devices

ADDITIONAL SPECIFICATIONS

- Product Type: AA Rechargeable Batteries
- Brand: GMCELL
- Model: GMCELL-USBAA-2500mWh
- Battery Size: AA
- Pack Quantity: 2 Batteries
- Cell Type: 14500 Lithium-Ion
- Rated Voltage: 1.5V
- Rated Capacity: 25500mWh
- Capacity by Conversion: 2100mAh

- Charging Method: Direct USB-C Charging
- Charging Voltage: 5V
- Charging Current: 1A – 3A
- Full Charge Time: Approx. 2 Hours
- Included Cable: USB-A to 2x USB-C Cable
- Simultaneous Charging: Supports Charging 2 Batteries at Once
- LED Indicator: Flashes While Charging and Shows Status When Charging Is Complete
- Internal Resistance: 22mΩ – 45mΩ
- Self-Discharge Rate: Max. 5% Per Year at 25°C
- Life Cycles: Up to 1000 Cycles with Retention ≥80%
- Operating Temperature: -20°C to 60°C
- Dimensions: 14.6 × 52.5mm
- PCB Protections: Over-Discharge, Overload, Short Circuit, Overcurrent and Temperature Protection
- Certifications: CE, CB, KC, MSDS, RoHS
- Compatible Devices: Remote Controls, Wireless Mouse, Wireless Keyboard, Gamepads, Flashlights, Toys and AA Battery Devices
- Best Use: Replacing Standard 1.5V AA Alkaline Batteries with Rechargeable Lithium-Ion Batteries
