- 10W stereo output
- 1500mAh battery
- Mchongo huu si wa kukosa
- Up to 8 hours playback

PRODUCT DESCRIPTION

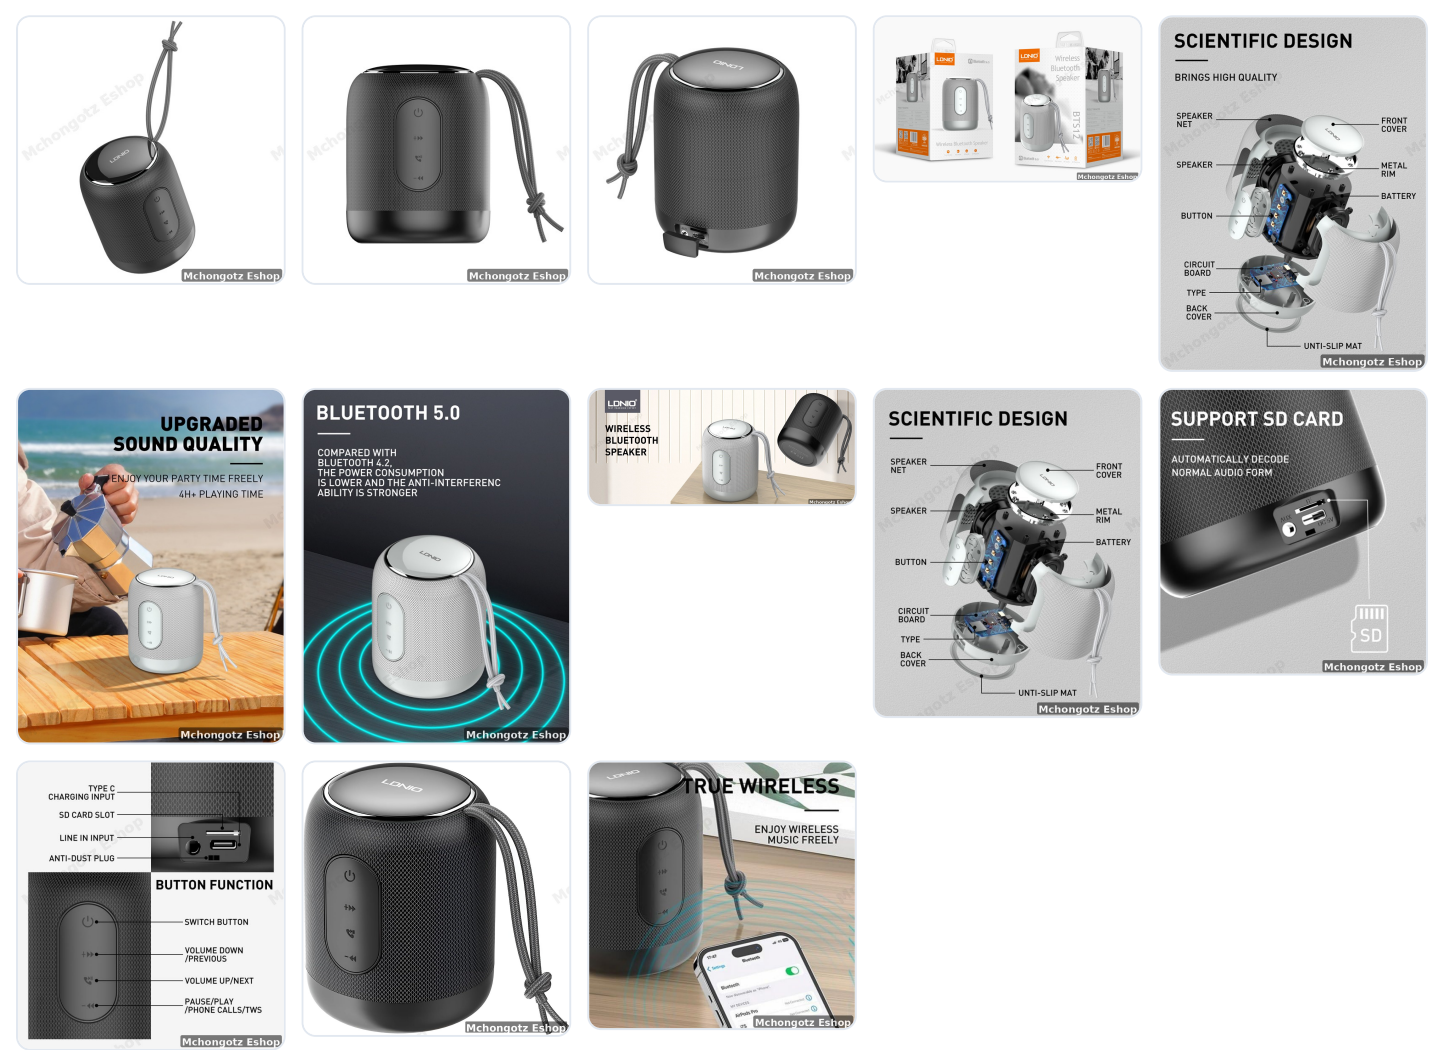

- Need a portable speaker for music, travel, home use, office, outdoor activities, beach, poolside, or small gatherings? The LDNIO BTS12 Bluetooth Speaker gives you powerful wireless sound in a compact waterproof design.
 - Comes with 2 × 5W drivers, giving a total output of 10W for louder and clearer audio compared to many small basic speakers.
 - LDNIO Bass Boost Technology helps improve low-frequency sound, giving better bass for music, movies, podcasts, and casual entertainment.
 - Bluetooth 5.0 connectivity allows stable wireless connection with smartphones, tablets, laptops, and other Bluetooth-supported devices.
 - IP67 waterproof and dustproof design makes it suitable for outdoor use, travel, camping, poolside, beach, and daily movement.
 - 1500mAh battery supports up to 8 hours playback depending on volume level, music type, Bluetooth connection, and battery condition.
 - Stereo audio output gives a more enjoyable listening experience for music, movies, online content, and travel entertainment.
 - Compact tabletop design makes it easy to place on a desk, shelf, bedside, counter, or outdoor surface.
 - Mchongo huu si wa kukosa
 - ⚠ Important: Waterproof protection depends on proper use. Do not charge the speaker while wet, and make sure ports/covers are properly closed before outdoor use.
 - Advantage: 10W stereo output + Bluetooth 5.0 + IP67 waterproof design + 8-hour playback = strong portable speaker for home, travel, and outdoor use.
- Best For
- Music Listening
 - Home Entertainment
 - Travel & Outdoor Use
 - Beach / Poolside Use
 - Camping & Picnic
 - Laptop Audio Boost
 - Phone & Tablet Audio
 - Office Desk Speaker
