PRODUCT DESCRIPTION

- Need to connect a USB-C cable to an iPhone, iPad, iPod, or AirPods device with a Lightning port? This Lightning to USB-C Female Adapter gives you a simple charging and data syncing solution for supported iOS devices.
- Designed with a Lightning / 8 Pin male connector and USB-C female port, allowing you to connect a compatible USB-C cable to supported Lightning devices.
- Supports PD fast charging on compatible iPhone, iPad, AirPods, charger, and cable setups.
- Supports data syncing for compatible iOS devices, making it useful for file transfer, charging, and connection to supported accessories.
- Can also be useful for CarPlay setups where the car, cable, and iPhone support the connection.
- Compact adapter design makes it easy to carry in a phone pouch, laptop bag, car, office drawer, or accessories box.
- Compatible with Lightning iPhones such as iPhone 13, iPhone 12, iPhone 11 series, supported iPads, iPods, and AirPods with Lightning charging port.
- ⚠ Important: This adapter is for Lightning / 8 Pin iOS devices. It is not for iPhone 15 and newer USB-C iPhones.
- ⚠ Fast charging, data syncing, and CarPlay depend on the device, USB-C cable, charger, car system, and iOS compatibility.
- 📦 Advantage: Lightning male connector + USB-C female port + charging and data support = small practical adapter for iPhone, iPad, iPod, AirPods, and CarPlay users.
