PRODUCT DESCRIPTION

- Need a flexible HDMI cable for connecting your camera to a TV, monitor, recorder, or external display? This Mini HDMI to HDMI Coiled Cable is designed for clean video output without long messy cables.
 - Supports 4K Ultra HD resolution up to 60Hz, giving clear and smooth video display for cameras, monitors, TVs, and compatible devices.
 - Coiled spring design makes the cable stretchable from 0.5M to 1.5M, helping reduce cable clutter while still giving enough working distance.
 - Supports high-speed transmission up to 18Gbps, suitable for stable audio and video transfer.
 - Made with copper wire, aluminum alloy shell, plastic wire surface, and gold-plated connector surfaces for better connection performance and wear resistance.
 - Perfect for camera users who need to connect Mini HDMI output to a normal HDMI display or recording setup.
 - Compact and flexible design makes it useful for photography, video shooting, live monitoring, presentations, and portable display setups.
 - ⚠ Important: This cable is for devices with Mini HDMI port going to a normal HDMI display/device. It is not Micro HDMI.
 - 📺 Advantage: 4K 60Hz support + coiled stretchable design + durable connectors = practical cable for camera and monitor setups.
- 📺 Best For
- 📺 Camera Users
 - 📺 Videographers
 - 📺 External Monitor Setup
 - 📺 TV Display Connection
 - 📺 Video Recording Setups
 - 📺 Presentation Display
 - 📺 Content Creators
