PRODUCT DESCRIPTION

- Need a compact 2-in-1 laptop that works as both a tablet and a laptop? The NEC VersaPro VKT12S-5 is built for users who want portability, touchscreen flexibility, and reliable daily performance.
- Powered by Intel Core i5 7th Generation processor, it handles office work, browsing, online classes, documents, and light multitasking smoothly.
- 8GB RAM gives stable performance for daily productivity, while the 128GB SSD provides fast startup and responsive file access.
- Detachable keyboard design allows you to switch between laptop mode and tablet mode easily — perfect for typing, presentations, note-taking, and mobile work.
- Touchscreen display gives you easier navigation and a more flexible working experience.
- Compact 12.5-inch class design makes it easy to carry in a bag, ideal for students, travelers, and office users on the move. Common VKT12S/ VKT12SGG5 listings show a 12.5-inch touchscreen 2-in-1 design.
- Gold color gives it a clean and stylish look compared to normal office laptops.
- ⚠ Not designed for gaming, heavy editing, or demanding graphics work — best for light office work, study, browsing, and mobility.
- 📁 Advantage: Touchscreen + detachable keyboard + compact design = flexible laptop/tablet experience at a budget-friendly price.
