PRODUCT DESCRIPTION

- Don't like earbuds that block your ears or feel uncomfortable after long use? The Oraimo OpenSnap is designed for all-day comfort with an open-ear style
- Open-ear design lets you enjoy music while still staying aware of your surroundings — ideal for outdoor use and active environments
- Lightweight and ergonomic build ensures comfortable wear for long hours without ear fatigue
- Delivers clear and balanced sound suitable for calls, podcasts, and everyday listening
- Up to 6 hours playtime on a single charge, with an additional 20 hours from the charging case for extended use
- Bluetooth 5.4 provides stable connection, fast pairing, and smooth audio within a 10m range
- Type-C charging makes recharging quick and convenient
- Open-ear design means less noise isolation and lighter bass compared to in-ear earbuds — best for comfort and awareness, not deep bass
- A great choice for users who prioritize comfort, safety awareness, and long wear over heavy sound isolation
