PRODUCT DESCRIPTION

- Need one cable that works with both USB-A and USB-C devices? This 2-in-1 SATA to USB Adapter Cable allows you to connect a 2.5-inch SATA HDD or SSD to your laptop, desktop, or supported smartphone for fast data access.
- Designed with both USB-A and USB-C connectors, it gives you better flexibility when working with modern laptops, older computers, and Type-C supported devices.
- Supports 2.5-inch SATA I / II / III hard drives and SSDs, making it useful for data transfer, backup, drive testing, SSD upgrades, and data recovery work.
- USB 3.0 speed supports data transfer up to 5Gbps, helping you move files faster than normal USB 2.0 adapters.
- UASP support can provide faster read and write performance when used with compatible computers and drives.
- Plug-and-play design makes it easy to use without complicated setup or driver installation on most systems.
- Lightweight 23cm cable design makes it easy to carry in a laptop bag, technician toolkit, or office drawer.
- ⚠ Important: This cable works with 2.5-inch SATA HDD / SSD only. It does not support 3.5-inch desktop hard drives, 5.25-inch drives, or M.2 SSDs.
- ☑ Advantage: USB-A + USB-C support + SATA III compatibility + fast USB 3.0 speed = a practical adapter for technicians, students, and everyday users.
