PRODUCT DESCRIPTION

- Need to connect many devices in one network without complexity? This TP-Link 16-port switch is built for expanding office and business networks easily
- 16x 10/100Mbps ports allow you to connect multiple computers, printers, and network devices in one central setup
- Ideal for offices, schools, and businesses that require stable and organized network connections
- Auto-Negotiation and Auto MDI/MDIX remove the need for special cables — simple plug-and-play setup
- IEEE 802.3x flow control ensures reliable and smooth data transmission
- Green Ethernet technology helps reduce power consumption for efficient operation
- Fanless design ensures silent performance — perfect for quiet office environments
- Supports both desktop placement and wall mounting for flexible installation
- Limitation: Fast Ethernet only (10/100Mbps) — not suitable for Gigabit high-speed requirements

ADDITIONAL SPECIFICATIONS

- Product Type: Desktop Network Switch
- Model: TL-SF1016D
- Ports: 16x 10/100Mbps RJ45
- Port Features: Auto-Negotiation + Auto MDI/MDIX
- Network Standard: IEEE 802.3x Flow Control
- Technology: Green Ethernet (Power Saving)
- Design: Plastic Case, Desktop or Wall-Mount
- Cooling: Fanless (Silent Operation)
- Installation: Plug & Play (No Configuration Required)
- Usage Type: Office & Business Network Expansion
