PRODUCT DESCRIPTION

- Struggling with weak WiFi signals in some rooms? The TP-Link RE200 helps extend your coverage and eliminate dead zones
- Dual-band speeds up to 750Mbps (300Mbps on 2.4GHz + 433Mbps on 5GHz) for smoother browsing and streaming
- Works as a WiFi range extender to boost your existing network coverage across your home or office
- Supports Access Point mode — convert a wired connection into a wireless network
- Easy setup with plug-and-play and quick pairing with your router
- Compatible with most standard routers and WiFi devices
- Compact wall-plug design saves space and blends into your environment
- Stable connection for everyday internet use like browsing, streaming, and work
- Limitation: Not suitable for very high-speed heavy enterprise networks
