## PRODUCT DESCRIPTION

- Need more ports for your laptop without carrying many adapters? This 8-in-1 USB-C / USB-A Hub gives you extra USB ports, card reader support, audio connection, and USB-C data transfer in one compact device.
- Supports both USB-C and USB-A use, making it practical for many laptops, desktops, and compatible devices.
- USB 3.0 port supports high-speed data transfer up to 5Gbps, useful for flash drives, external storage, and fast file movement.
- Multiple USB 2.0 ports make it easy to connect mouse, keyboard, flash drives, and other office accessories.
- SD and TF card slots help photographers, students, and office users transfer files from memory cards easily.
- 3.5mm audio interface gives extra audio connection support for headphones or speakers.
- Aluminum body gives it a stronger, cleaner, and more premium feel compared to cheap plastic hubs.
- Compact and lightweight design makes it easy to carry in a laptop bag for office, school, or travel use.
- ⚠ SD and TF cards may not read at the same time — use one card slot at a time.
- 📦 Advantage: USB-C + USB-A compatibility + card reader + USB expansion = practical everyday hub for work and study.
