PRODUCT DESCRIPTION

- Need a simple adapter for reading memory cards and expanding USB connection? This USB 3.1 Hub 3 in 1 Memory Card Reader helps you connect supported memory cards and USB devices to your computer.
 - Supports MS, M2, and TF memory card formats, making it useful for transferring photos, videos, documents, music, and backup files.
 - USB 3.0 support provides faster data transfer than normal USB 2.0 readers on compatible devices.
 - Useful for students, office users, photographers, technicians, and anyone who regularly transfers files from memory cards.
 - Compact design makes it easy to carry in a laptop bag, camera bag, school bag, or technician toolkit.
 - Suitable for laptops, desktops, PCs, and supported USB devices.
 - ⚠ Important: Actual transfer speed depends on your memory card, device USB port, file size, and computer performance.
 - 📦 Advantage: USB 3.0 hub function + 3 in 1 memory card reading = practical adapter for daily file transfer and device expansion.
