PRODUCT DESCRIPTION

- Need more USB ports for your laptop, desktop, PC, or tablet? This USB 3.0 Hub expands one USB port into four ports for easier device connection.
- Supports USB 3.0 data transfer up to 5Gbps on compatible devices, making it useful for flash drives, external storage, keyboard, mouse, printer cable, and other USB accessories.
- Backward compatible with USB 2.0 and USB 1.1 devices, so it can still work with older USB accessories.
- Plug-and-play design makes it easy to use without complicated setup.
- Compact and lightweight body makes it practical for office desks, home setups, school use, travel, and technician toolkits.
- LED indicator helps show connection status during use.
- No external power adapter is required for normal low-power USB devices.
- ⚠ Important: For high-power devices such as external hard drives, use only when your computer USB port can provide enough power.
- ✦ Advantage: 4 USB ports + USB 3.0 speed + compact design = simple and practical USB expansion for daily computer use.
