KEY FEATURES

- Audio / AV connection support
- 3M Cable Length
- TV box connection support
- Speaker & amplifier compatible
- usb c | type c to 2 RCA cable
- Car audio compatible
- Gold-Plated Connectors
- 4N OFC wire design

PRODUCT DESCRIPTION

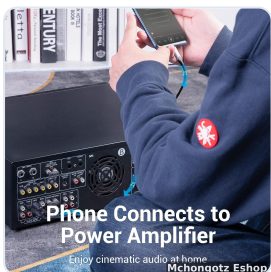

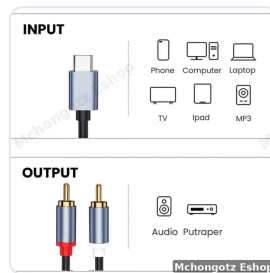

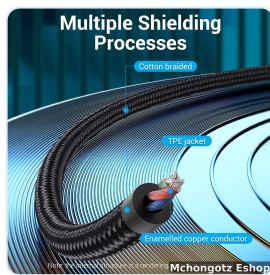

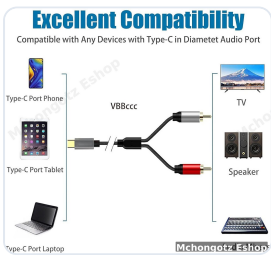

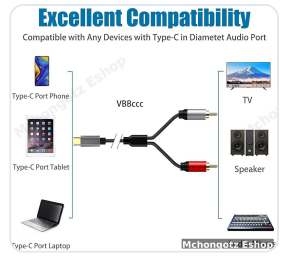

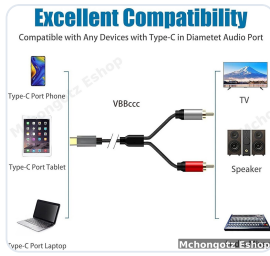

- Need to connect a usb c | type c device to RCA audio/video equipment? This usb c | type c to 2 RCA cable helps connect compatible devices to speakers, amplifiers, TV boxes, HDTVs, car audio systems, and other RCA-supported equipment.
- The 3M length gives extra flexibility for home entertainment, speaker connection, TV box setup, projector audio, car audio, and AV equipment connection where a longer cable is needed.
- Designed with 2 RCA male connectors for audio/video-style connection with compatible RCA input devices.
- Built with 4N OFC wire to support stable signal transmission and reduce signal loss during use.
- Gold-plated connectors help resist corrosion, reduce interference, and improve connection durability.
- Suitable for selected TVs, DVD players, amplifiers, computers, projectors, MP3/MP4 players, car audio systems, and compatible usb c | type c devices.
- Useful for users who need a longer AV / RCA connection cable for audio equipment, media devices, and entertainment setups.
- ⚠ Important: Compatibility depends on your device's usb c | type c output support. Not all phones, laptops, or tablets can output RCA audio/video directly through usb c.
- □ Advantage: usb c | type c connection + 2 RCA output + 3M length + gold-plated connectors = practical long cable for AV and audio connection setups.
- Best For
 - Speaker & Amplifier Connection
 - TV Box / Apple TV Setup
 - Car Audio Systems
 - Projector Audio Setup
 - Home Entertainment
 - Music & Audio Devices
 - Technicians & AV Installers

ADDITIONAL SPECIFICATIONS
