PRODUCT DESCRIPTION

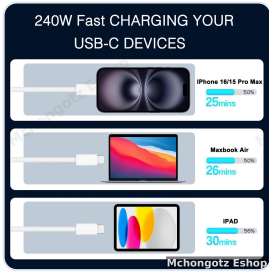

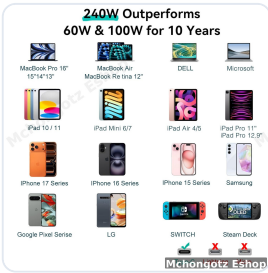

- The MCCRH 240W USB-C to USB-C cable is designed for high-performance charging and reliable data transfer, making it ideal for laptops, tablets, gaming devices, and smartphones with USB-C ports.
- Supports up to 240W fast charging using PD 3.0 protocol when paired with compatible chargers and devices, ensuring efficient power delivery for demanding devices.
- Built-in E-Marker chip intelligently manages power flow to provide safe and stable charging for supported devices.
- 2-meter (6.6ft) length offers flexibility and convenience for use at home, office, or while traveling.
- Durable white nylon braided design enhances strength, reduces tangling, and improves resistance to daily wear and bending.
- Supports data transfer speeds up to 480Mbps, suitable for syncing files and basic data transfer tasks.
- Compatible with a wide range of USB-C devices including MacBook, iPad, iPhone (USB-C models), Samsung Galaxy, Google Pixel, and other USB-C enabled devices.
- 🔌 Mchongo huu si wa kukosa
- ⚠ Note: This is a USB-C to USB-C cable. A USB-C charger adapter is required for charging.
- ⚠ Fast charging requires both a compatible fast charger and a device that supports fast charging.
- ⚠ This cable is intended for charging and standard data transfer only. It does not support USB4 or Thunderbolt high-speed data or video output.
- 🧰 Advantage: High 240W power support + durable braided design + extended 2M length = perfect for heavy-duty daily use.
