### PRODUCT DESCRIPTION

- Available in 1.8M and 3M options — choose the cable length that fits your setup.
- Need a reliable console cable for router, switch, firewall, or networking device configuration? This USB to RJ45 Console Cable is built for technicians, network engineers, IT support teams, and students working with networking equipment.
- The 1.8M length is practical for normal desk setups, rack work, office configuration, and quick device access.
- USB to RJ45 connection makes it useful for configuring supported routers, switches, and other network devices through console access.
- Strong and flexible cable design makes it easy to carry in a technician toolkit.
- Ideal for Cisco-style console access, networking labs, IT maintenance, and device troubleshooting.
- ⚠ This is a console cable, not a normal Ethernet internet cable.
- □ Advantage: Simple, portable, and essential tool for network configuration and troubleshooting.
- Best For
  - □ Network Engineers
  - □ IT Technicians
  - □ Office Network Setup
  - □ Networking Students
  - □ Router & Switch Configuration
  - □ IT Support Work
