PRODUCT DESCRIPTION

- Need a compact wireless charger for easy phone charging at home, office, shop, or travel? The WiWU Wi-W009 Magnetic Wireless Charger gives you simple 15W wireless charging support in a small and portable design.
 - Supports up to 15W wireless fast charging on compatible devices, helping you charge your phone without connecting a normal charging cable every time.
 - Strong magnetic absorption helps hold compatible magnetic phones firmly during charging.
 - Built with high-quality aluminum alloy material with a sandblasted and anodized finish for a clean, premium, and durable look.
 - Compact and lightweight design makes it easy to carry in a bag, use on a desk, bedside table, reception desk, or travel setup.
 - Uses Type-C input, making it modern and easy to connect with compatible charging adapters.
 - ⚠ Important: Full 15W charging speed depends on your phone, power adapter, cable, and wireless charging compatibility.
 - ⚠ Magnetic hold works best with MagSafe-compatible iPhones or phones/cases that support magnetic wireless charging.
 - ☑ Advantage: 15W wireless charging + strong magnetic hold + compact aluminum design = clean and convenient charging for daily use.
